

Early Release

Lincoln Early Release Day September 22, 2021

Students will be dismissed starting at 1:00 p.m.

This school year, our building goals will focus on:

- Implementation of our district programs, Illustrative Math (K-5 students), Envision Math (6th grade) and CCC for reading, Center for Collaborative Classrooms (K-6).
- Continuing to develop and utilize the tools of technology to increase student engagement with their learning.
- Continuing with the practices of PBIS (Positive Behavior Interventions and Supports) to ensure students are taught the behavior expectations in all areas of the school.
- Develop the practices and components associated with a Multi- Tiered Systems of Support (MTSS) to address all students' learning needs.

With the above goals in mind, this week's staff professional learning time will focus on our reading program, Center for Collaborative Classroom (CCC) and our math programs (Illustrative Mathematics and Envision). Staff will be collaborating with district-wide grade level teams to determine best practices for these programs.

Our Special Education Staff will continue to learn about the new platform, Adori, management software for monitoring Individual Educational Plans for students, and work with their respective support staff on the analyzing of programming needs for students.

Educationally Yours,

Heather Gauthier, Principal
